

Introduction

UniCeL acts as a platform to promote, explore and share best practices in e-Learning applications among the academia in Malaysia. The carnival will involve IIDEEL (Invention, Innovation & Design on e-Learning) competitions which is conducted via online and e-Learning awards to stimulate quality improvements to e-learning in the future.

Objectives

- Exhibit research, creation and innovation in teaching and learning by faculties or schools
- Sharing expertise and commercial, creative and innovative ideas
- Cultivate interests and encourage lecturers, and students to develop teaching materials in line with Education 4.0.
